

Shawn Michael Wieland

For Michigan, Please say "No" to HB 4612 !

The new proposed No Fault House Bill is horribly flawed and will literally ruin my Life and the lives of thousands other Michigan taxpayers, who are unfortunately involved in auto related accidents.

Please Vote "No" on Mich. House Bill 4612.

Michiganders, please consider these facts !

- My Intensive Care Bill for the first month was 1 1/2 million ! Ouch !
- That, with Post accident, Therapies, Meds and Doctor visits, bring us to a total of about 2 million, to date ! What price, Life ? !
- The new No Fault bill will cut my benefits and put myself and "future,

injured people" into sadly overcrowded facilities. Medicare will be even more overburdened. Trust me, most all the people with injuries like mine but not covered by No Fault, are in sad, low income care facilities. I am lucky to be living at home !

- Please help Mich. drivers !

My Mich. Friends,
thanks to the er No
Fault laws, I am a
productive member of
Michigan society. I do
PT & OT, I work at job
skills, I enjoy music
again and I can finally
focus my eyes and read
and so much more !
Please don't end this
miracle in progress !
